

## ONLINE SEMINAR - 19 NOV

---

# COVID-19 and Care Homes: Advances in Administrative Data Research during the pandemic

## Final Programme and Timings

---

- **13:00 Opening and Welcome** from Chair, Dr Iain Atherton, Co-Director of SCADR and Lead of our Health and Social Care Programme, Edinburgh Napier University
- **13.05 Addressing people in Scotland:** The value of geography for administrative data analysis (Professor Chris Dibben, Director of SCADR, University of Edinburgh)
- **13.25 Care Home Addresses:** Why are they so hard to identify? (Dr Jenni Burton, Clinical Lecturer, University of Glasgow)
- **13.45 Mortality in Scotland, March - July 2020:** A focus on care homes (Dr David Henderson, SCADR Research Fellow, Edinburgh Napier University)
- **14.10 Panel Discussion**
  - What does this work reveal about the data quality for care homes?
  - How can we improve this? In light of the adult social care review, what recommendations/ ideas might we have?
  - How else can UPRN be utilised to support other administrative data research?
- **14.30 Close**
